Transition Town Totnes (TTT) is a dynamic, community-led and run charity that exists to strengthen the local economy, reduce the cost of living and build our resilience for a future with less cheap energy and a changing climate.

TTT is not a ‘membership’ organisation, but a collection of volunteers with a small staff team, who come together to work on projects.

Get involved!

Our projects and groups are ever-changing and evolving, and we always welcome new people. Our work ranges from increasing low impact affordable housing and reducing the energy demand of existing buildings, sharing skills, creating livelihoods, reducing energy costs and carbon emissions, to growing our local food economy and working in partnership with other projects such as ATMOS and Food in Community.

To find out more and to take a look at some of our projects, check out the website and see our calendar for events, follow us on Facebook, sign up for our monthly bulletin. Or to volunteer, contact us …
